

Rail Vision and Railway News to Launch New Collaboration - Podcast Hosting Industry Leaders

July 2, 2024

Ra'anana, Israel, July 02, 2024 (GLOBE NEWSWIRE) -- Rail Vision Ltd. (Nasdaq: RVSN) (the "Company"), a technology company at the forefront of revolutionizing railway safety and the data-related market, today announced an upcoming collaboration with Railway-News.com, a leading railway industry news and information portal, for hosting a monthly podcast with industry leaders called "Rail Evolution".

The podcast, which is expected to launch in July 2024, will cover pressing developments in the railway market, discuss by industry experts from across the globe.

"This collaboration showcases our relationship with the industry, as we are not only here to sell products and services, but our goal is to also help the industry grow and thrive through multiple channels. The Rail Evolution podcast is one of them." said Shahar Hania, CEO of Rail Vision "We are proud to bring such a unique unbiased communication to serve as an educational tool for professionals around the globe."

"Railway-News is excited by the launch of this new podcast. Rail Evolution will be a great way to bring experts together to discuss how technology can help transform the sector and attract new talent to this vitally important industry. We are thrilled to be featuring this podcast on our website, offering our audience even more engaging and insightful content," said Andrew Lush, Founder and Director of Railway-News.

About Rail Vision Ltd.

Rail Vision is a technology company that is seeking to revolutionize railway safety and the data-related market. The Company has developed cutting-edge, artificial intelligence-based, industry-leading technology specifically designed for railways. The Company has developed its railway detection and systems to save lives, increase efficiency, and dramatically reduce expenses for the railway operators. Rail Vision believes that its technology will significantly increase railway safety around the world, while creating significant benefits and adding value to everyone who relies on the train ecosystem: from passengers using trains for transportation to companies that use railways to deliver goods and services. In addition, the company believes that its technology has the potential to advance the revolutionary concept of autonomous trains into a practical reality. Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act and other securities laws. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates" and similar expressions or variations of such words are intended to identify forward-looking statements. For example, the Company is using forward-looking statements when it discusses its goal of helping the railway industry grow and thrive through multiple channels. The Company cannot assure that any patent will issue as a result of a pending patent application or, if issued, whether it will issue in a form that will be advantageous to the Company. Forward-looking statements are not historical facts, and are based upon management's current expectations, beliefs and projections, many of which, by their nature, are inherently uncertain. Such expectations, beliefs and projections are expressed in good faith. However, there can be no assurance that management's expectations, beliefs and projections will be achieved, and actual results may differ materially from what is expressed in or indicated by the forward-looking statements. Forward-looking statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the forward-looking statements. For a more detailed description of the risks and uncertainties affecting the Company, reference is made to the Company's reports filed from time to time with the Securities and Exchange Commission ("SEC"), including, but not limited to, the risks detailed in the Company's annual report on Form 20-F filed with the SEC on March 28, 2024. Forward-looking statements speak only as of the date the statements are made. The Company assumes no obligation to update forward-looking statements to reflect actual results, subsequent events or circumstances, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws. If the Company does update one or more forward-looking statements, no inference should be drawn that the Company will make additional updates with respect thereto or with respect to other forward-looking statements.
