Rail Vision Announces its Participation in Global Events Lineup to Showcase its AI- Driven Railway Products

September 20, 2024

Ra'anana, Israel, Sept. 20, 2024 (GLOBE NEWSWIRE) -- Rail Vision Ltd. (Nasdaq: RVSN) (the "Company"), a technology company at the forefront of revolutionizing railway safety and the data-related market, announced today its participation in two important events in the railway industry this year. These events offer a unique platform for Rail Vision to showcase its cutting-edge AI-based railway safety products, engage with industry professionals and explore new opportunities for innovation and collaboration.

InnoTrans 2024

Event Dates: September 24-27, 2024

Location: Berlin, Germany

Rail Vision Booth Number: 770

InnoTrans is the leading international trade fair for transport technology, which takes place every two years in Berlin. Sub-divided into the five trade fair segments Railway Technology, Railway Infrastructure, Public Transport, Interiors and Tunnel Construction, InnoTrans occupies all 42 halls available at the Berlin Exhibition Grounds. The InnoTrans Convention, the event's top-level supporting program, complements the trade fair and will be streamed live.

2024 RSI EXPO & Conference

Event Dates: October 9-11, 2024

Location: Chicago, IL, USA

Rail Vision Booth Number: 252

At RSI, attendees can explore cutting-edge technologies, connect with industry leaders, and dive into innovative solutions from expert speakers. With constant innovation on the horizon, along with other important developments across the industry, RSI will provide attendees with the knowledge and expertise they need to stay at the forefront of the railway supply industry.

About Rail Vision Ltd.

Rail Vision is a technology company that is seeking to revolutionize railway safety and the data-related market. The Company has developed cutting-edge, artificial intelligence-based, industry-leading technology specifically designed for railways. The Company has developed its railway detection and systems to save lives, increase efficiency, and dramatically reduce expenses for the railway operators. Rail Vision believes that its technology will significantly increase railway safety around the world, while creating significant benefits and adding value to everyone who relies on the train ecosystem: from passengers using trains for transportation to companies that use railways to deliver goods and services. In addition, the company believes that its technology has the potential to advance the revolutionary concept of autonomous trains into a practical reality. Forward-Looking Statements
This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act and other securities laws. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates" and similar expressions or variations of such words are intended to identify forward-looking statements. Forward-looking statements are not historical facts, and are based upon management's current expectations, beliefs and projections, many of which, by their nature, are inherently uncertain. Such expectations, beliefs and projections are expressed in good faith. However, there can be no assurance that management's expectations, beliefs and projections will be achieved, and actual results may differ materially from what is expressed in or indicated by the forward-looking statements. Forward-looking statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the forward-looking statements. For a more detailed description of the risks and uncertainties affecting the Company, reference is made to the Company's reports filed from time to time with the Securities and Exchange Commission ("SEC"), including, but not limited to, the risks detailed in the Company's annual report on Form 20-F filed with the SEC on March 28, 2024. Forward-looking statements speak only as of the date the statements are made. The Company assumes no obligation to update forward-looking statements to reflect actual results, subsequent events or circumstances, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws. If the Company does update one or more forward-looking statements, no inference should be drawn that the Company will make additional updates with respect thereto or with respect to other forward-looking statements. References and links to websites have been provided as a convenience, and the information contained on such websites is not incorporated by reference into this press release. Rail Vision is not responsible for the contents of third-party websites.
