Rail Vision's Advanced Railway Safety Technology to Be Showcased at CES 2026 by Israel Railways

January 2, 2026

Ra'anana, Israel, Jan. 02, 2026 (GLOBE NEWSWIRE) -- Rail Vision Ltd. (Nasdaq: RVSN) (the "Company"), an early commercialization stage technology company seeking to revolutionize railway safety and the data-related market, announced today that its innovative products will be featured at the upcoming CES 2026 exhibition through a presentation by its valued customer, Israel Railways.

Israel Railways, a long-standing client of Rail Vision, will showcase Rail Vision's cutting-edge technologies at the Israel National Pavilion as part of its broader display of advanced rail innovations. Rail Vision's AI-driven systems will be demonstrated to visitors to the booth alongside with other breakthrough technologies deployed in Israel Railways' national network.

This collaboration underscores the real-world impact of Rail Vision's solutions, which are already in active use by Israel Railways to detect obstacles, enhance safety, and improve operational efficiency on Israel Railway's main lines.

David BenDavid, CEO of Rail Vision, will be present at the Israel Railways booth to discuss the company's technologies and explore potential partnerships.

Attendees interested to schedule a meeting with RailVision's CEO David BenDavid during CES are invited to reach out at Marketing@railvision.io

Event Details:
January 6–9, 2026 | Las Vegas Convention Center (LVCC) West Hall
Israel Railways Booth #6559

About Rail Vision Ltd.

Rail Vision is a development stage technology company that is seeking to revolutionize railway safety and the data-related market. The company has developed cutting edge, artificial intelligence based, industry-leading technology specifically designed for railways. The company has developed its railway detection and systems to save lives, increase efficiency, and dramatically reduce expenses for the railway operators. Rail Vision believes that its technology will significantly increase railway safety around the world, while creating significant benefits and adding value to everyone who relies on the train ecosystem: from passengers using trains for transportation to companies that use railways to deliver goods and services. In addition, the company believes that its technology has the potential to advance the revolutionary concept of autonomous trains into a practical reality. Forward-Looking Statements

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act and other securities laws. Words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates" and similar expressions or variations of such words are intended to identify forward-looking statements. Such expectations, beliefs and projections are expressed in good faith. However, there can be no assurance that management's expectations, beliefs and projections will be achieved, and actual results may differ materially from what is expressed in or indicated by the forward-looking statements. Forward-looking statements are subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the forward-looking statements. For a more detailed description of the risks and uncertainties affecting the Company, reference is made to the Company's reports filed from time to time with the Securities and Exchange Commission ("SEC"), including, but not limited to, the risks detailed in the Company's annual report on Form 20-F filed with the SEC on March 31, 2025. Forward-looking statements speak only as of the date the statements are made. The Company assumes no obligation to update forward-looking statements to reflect actual results, subsequent events or circumstances, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws. If the Company does update one or more forward-looking statements, no inference should be drawn that the Company will make additional updates with respect thereto or with respect to other forward-looking statements.
